PRESCHOOL STORYTIME

StoryTime consists of a variety of stories, finger plays, songs and crafts.

It is geared towards preschool children
3-4 years of age.

One of the main objectives of this program is to foster in your child a life long interest in books and reading and also to become accustomed to being in an environment with other children.

We encourage your child to enjoy this program without a parent but we request that a parent be present in the library while the program is going on.
